We are in the process of reviewing your application for medical certification. In order to confirm whether or not you have an underlying condition that is disqualifying, please submit a current psychological test evaluation, using the enclosed protocols as a guide. In addition, we require that your evaluation also include the following tests, and any others that your testing psychologist may find pertinent to the issue of attention deficit disorder:

1. The Trail Making Test.
2. The Wisconsin Card Sorting Test.
3. The Paced Auditory Serial Addition Test (PASAT);

You need to be off \_\_\_\_\_ for at least three days at the time you are tested.

Use of the above reference number(s) and your complete name on any correspondence or reports will aid us in locating your file.

Sincerely,

Warren S. Silberman, D.O., M.P.H.
